

1st Quarterly Report

31 December 2020

Malaysian Communications and Multimedia Commission

The JENDELA Action Plan

**Eight (8)
targets
realisation**

JENDELA
Targets

National target
realisation of
96.9% mobile
coverage, 35 Mbps
speed and 83% of
premises passed*

**Four (4)
policy
support**

Policy Support &
Harmonisation

**Four (4) CIMS
KPIs have
been
proposed**

National Digital
Infrastructure Map

2020

2021

2022

- Construct 940 new mobile sites in urban and suburban
- Upgrade 16,214 existing base stations at urban & suburban areas
- Fiberise 352,101 premises

Upgrade 4,589 existing 2G/3G base stations to 4G to expand coverage and increase the speed

Sunset 3G network and migrate the spectrum for 4G technology use

Fiberise 1,245,452 additional premises

Construct 1,661 new sites across Malaysia to extend the mobile 4G coverage in rural and remote areas

Fiberise 929,631 additional premises

- Blanket approval for States and PBTs (based on the commencement of USP sites)
- Access to Federal-owned lands and buildings to develop digital infra
- Digital infrastructure to be planned, deployed and treated as public utility
- Standardisation of electricity tariff for communications service based on industrial rates

1 CIMS to be upgraded into a one-stop digital infrastructure databank

2 Rakyat-centric Portal on Service Coverage Availability by SPs
3 Policy Development on Infrastructure Asset Management Framework

4 Integration of e-Spectra and CIMS

Phase 2: Ongoing discussion between MCMC and Ministries on introduction of 5G and new technology

5G
demo

5G planning
and priming for infra
to be 5G-ready

5G rollout to meet the
National
Aspirations

* Service to be made available within 14 business days after request made by potential subscriber

Summary of Shortfall Sites

	Digi	U Mobile	Total
Improper planning and lack of execution discipline	1	35	36
Public protest	1		1
State's bureaucracy		4	4
Approval stage at PBT level		6	6
Pending Site Acquisition by State Backed Company	5	10	15
Conditional Movement Control Order (CMCO) impact	2		2
Total	9	55	64

What are the action plans to close the gap?

1. Detail analysis of the industry's challenges and close monitoring performance on weekly targets
2. Escalation to State committees on infra or communications as well as other platforms such as JENDELA Steering Committee (JSC)
3. Seeks YB Minister intervention for engagement with State Government and Local Authorities

State Engagement

Telecommunications recognised as the third utility in Budget 2021

Minister of Communications and Multimedia YB Datuk Saifuddin Abdullah and MCMC have engaged all head of states.

THE STATUS OF STATE GOVERNMENT POLICY IN MAKING TELECOMMUNICATION AS THE 3 RD UTILITY				
State	Notification to State Government	Proposal stage	State Executive Council Approval	Gazette & Implementation at PBT Level
 MELAKA  KEDAH  PERAK  PULAU PINANG  TERENGGANU	YES	YES	No	No
 JOHOR  KELANTAN  NEGERI SEMBILAN  PAHANG  PERLIS  SELANGOR	YES	No	No	No
 SARAWAK  SABAH	YES	Not Applicable	No	No

“Telecommunication networks now can be categorised as a **third utility**.” - YB Senator Tengku Dato’ Sri Zafrul Tengku Abdul Aziz, Minister of Finance Malaysia (Budget 2021)

UPDATES:

- ✓ Menteri Besar Johor, YAB Datuk Haji Hasni Mohammad has recognised telecommunication as the third utility on 26 Nov;
- ✓ Meeting with EXCO Kedah held on 9 Dec 2020 to discuss policies at State level;
- ✓ Meeting with Malacca State Government held on 14 Dec 2020. Malacca in principle has agreed the telecommunication is part of the basic utility.

3G Network Sunset - Key Milestones

3G NETWORK SUNSET TARGET

PHASE 3: POST 3G SUNSET

Q1 – Q2 2022

Network
optimisation

Monitoring of
network
performance
and customer
experience

Start
thinning the
3G layers
until fully
sunset the
3G network

Execution of
Customer
Migration
Plan by the
SPs

Execution of
communication plan
consists of 3G Sunset
awareness programme,
technology awareness
and education to
general public

PHASE 2: IMPLEMENTATION

Q1 – Q4, 2021

3G Sunset
Pilot
Programme
between
operators

Improvement
of 2G and 4G
network
nationwide

Management and
coordination with
MVNO, M2M and
roaming partners

PHASE 1: PLANNING

Q3 – Q4, 2020

Formation of 3G
Network Sunset
Task Force
(KKMM, MCMC,
SPs, SIRIM, CFM,
Manufacturers) ✓

Network
and
Customer
Migration
Plans
produced by
SPs ✓

Issuance of notice for
discontinuation of 3G and
non-VoLTE capable devices
importation by Jan 2021 ✓

Notifications and
engagement with device
manufacturers and
suppliers to accelerate
adoption of VoLTE ✓

Engagement
with
relevant
stakeholders ✓

Malaysia accelerates building of 5G use cases by further extending the 5G Demonstration Projects (5GDP) to June 2021

WHAT IS 5GDP?

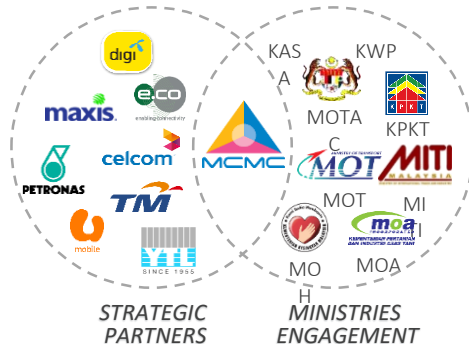

5G MALAYSIA DEMONSTRATION PROJECTS

*Nurturing industry transformation initiatives by **facilitating, building and nurturing development of promising 5G use cases in a live but controlled environment**; and in a broader context, **grow the 5G ecosystem in Malaysia**.*

PRINCIPLES

- 1 Use case(s) identified by Partners through demand
- 2 Includes trial deployment of a 5G network, provision of 5G equipment and the use of the 5G technology
- 3 Apparatus Assignment (AA) fees waived for the 5GDP sites during the demonstration period
- 4 Proposed projects are industry-funded
- 5 No obligation on MCMC to award the spectrum to the applicants beyond the demonstration project periods

STAKEHOLDERS

9 KEY VERTICALS

- | | | |
|------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
|  Agriculture |  Entertainment/Media |  Smart Transportation |
|  Education |  Manufacturing & Processing |  Smart City |
|  Digital Healthcare |  Oil & Gas |  Tourism |

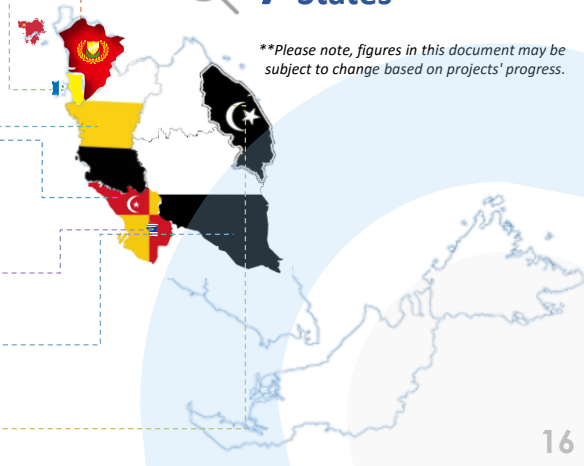

OUTCOME OF 5GDP

As of Dec 2020

-  **RM131 Million**
-  **9 Verticals**
-  **71 Use Cases**
-  **50 Live Sites**
-  **7 States**

***Please note, figures in this document may be subject to change based on projects' progress.*
